

Item 19: Applications for Associated Organization Status

The International Association of Catalysis Societies, an Associated Organization of IUPAC, has revised its Constitution and has requested that the new Constitution be approved by IUPAC. An e-mail message from the Secretary, Dr. I. Tkatchenko and a copy of the revised Constitution follow this page. The Council is requested to approve, or not, the revised Constitution.

The International Plasma Chemistry Society has requested approval of its application for Associated Organization status. An e-mail message from the President of the IPCS, Prof. S. Girshick and a copy of the Statutes and Bylaws of the IPCS follow this page. The Council is requested to approve, or not, Associated Organization status.

The International Association of Chemical Thermodynamics has requested approval of its application for Associated Organization status. A letter from the Chair, Prof. J.-P. Grolier and the Secretary, Prof. J. H. Dymond, a copy of the Constitution of the IACT, and a list of the members of the Board follow this page. The Council is requested to approve, or not, Associated Organization status.

Both the IPCS and the IACT were formed by former members of IUPAC bodies who felt that the new IUPAC organization did not give sufficient prominence to their fields.

Southern and Eastern Africa Network of Analytical Chemists (SEANAC) has requested approval of its application for Associated Organization status. A letter from the Secretary General of the SEANAC, Prof. N. Torto, a description of the proposed activities of the SEANAC, and its constitution follow this page. The Council is requested to approve, or not, Associated Organization status.
